CATALOGUE: The catalogue has been prepared in good faith from the information supplied by vendors. Grassroots Systems Ltd, Melton Mowbray Market Auctioneers and the Breed Societies are not responsible for its accuracy. It is the responsibility of the vendor to ensure it is correct and that any anomalies or errors are announced before the sale of any lots.

PARTICIPATING BREEDS: Entries have only been accepted from members of participating Breed Societies and for animals registered or eligible for registration in their flock books.

ORDER OF SALE: Strictly in catalogue order with the exception of Breed champions in some breeds. Please see Breed Society details.

STATUTORY REGULATIONS: The event will be carried out in full compliance with the DEFRA and other statutory regulations.

RETAGS: Must be reported to the Auctioneers Office.

SUBSTITUTES: Any that do occur by special arrangement **MUST** be reported to the auctioneers, so that the correct animals are transferred and recorded in the market movement records.

NUMBERING: Vendors will be provided with lot number neck tags on arrival. Please ensure these are put onto the correct sheep on arrival. The neck tags will be collected from the vendors as the sheep leave.

WEANING: All lots must have been weaned at least 2 weeks prior to the event and in the case of suckling ewes, must have been properly dried off.

PENNING: All animals must be penned in the space allocated. Vendors are always solely responsible for and in charge of their stock whilst on the premises.

MV ACCREDITED & SCRAPIE MONITORED: Provision will be made for MV Accredited and scrapie monitored sheep which will be sold at the start of the sale. Vendors should ensure all the relevant certification is brought on the day. It is the responsibility of the owner to ensure they follow the plans laid out in the market to safeguard the status of their livestock, which remains their responsibility at all times. Hands should be washed prior to entering the Heath Scheme areas.

SELLING ORDER: Females will be sold in their pens 'off the boards' and may be offered in groups or as individuals. **Rams will be sold individually in pens in catalogue order.** Vendors are encouraged to consider selling females in pairs or small matched groups.

HEALTH SCHEME SELLING ORDER: Because of the restrictions imposed by the regulations concerning Health Scheme Flocks, it has been necessary to pen and sell animals in these high health categories together. We have tried to make the catalogue as clear as possible and have included a plan.

ANIMAL HEALTH: Vendors will be expected to ensure that their animals are in good health and, to the best of their knowledge free from infectious or contagious disease. The entry form includes a signed declaration to this effect and entry to the sale therefore carries a warranty of soundness from the vendor. In the case of sheep this includes a warranty in respect of mouth, udder, testicles and that female sheep over 2 years have bred a lamb.

BREED INSPECTION: Some Breed Societies will carry out breed inspections, please see each breed section for details. Breed Society inspections do not constitute any form of guarantee or warranty. Purchasers should inspect animals themselves to ensure they are suitable, prior to purchase.

STOCK REJECTED ON WELFARE GROUNDS: A quarantine area will be made available but rejected stock should be removed from the market as soon as possible.

TRANSPORTATION: All livestock must be transported in vehicles or trailers which comply with the law. There will be washing out facilities at the market and will be open from 8.00am-5pm on Friday and Saturday. All livestock must travel with the correct licenses. DOGS: Dogs will not be permitted in the livestock areas.

EVENING PARTY: This years evening party will be held in the Markets recently refurbished Exhibition Hall, with Buffet catering and live music.

Reserves and Minimum Upsets Notes for Buyers and Seller

A Minimum Upset - is the minimum price, set by the Breed Societies, **below which animals cannot be sold.** If your breed has a Minimum Upset, it will be published at the beginning of the breed section.

Reserve Prices - All vendors are entitled to place a reserve on their animals. A reserve is the price below which the seller is not prepared to sell.

The Reserve acts like a bid, so the auctioneers can 'run' a single bidder up to that reserve price. Auctioneers cannot 'run' a single bidder if there is no reserve.

How to place a reserve - Sellers should place the reserve with the auctioneers before the sale. Clearly write the lot number and the price in Guineas (£1.05), **below which you will not sell**, and **hand it to the auctioneer before they start selling your sheep.** The sale will be noisy so do not attempt to give verbal instructions.

Groups - Groups of ewes are sold at a price per sheep, regardless of the size of the group.

Private Sales – If your sheep does not sell under the hammer, but someone offers to buy it after the sale, you are permitted to do this. However, **you MUST put the sale through the auctioneer's office.** Animal movement records to and from markets are strictly controlled and monitored. It also means that the market collects the funds and passes them to you safely. Animals sold in this way are not included in the breed averages and are not subject to Minimum Upset price.

BIOSECURITY NOTICE:

All sheep to be registered with DSBA, and to have a DSBA tag (metal tag for rams) in the ear.
All sheep will be inspected.
Sheep will be sold under society rules, a copy may be obtained from the Secretary.

Minimum Upsets

Shearling Rams: 150 gns Other Rams: 100 gns Shearling Ewes: 125 gns

Conditions of sale

1. Entries are restricted to registered sheep from fully paid-up members of the Dartmoor Sheep Breeders' Association. Entry fees will be paid at the time of entry, with no refunds, whether the sheep are offered for sale or not.
2. All entries must comply with current Defra regulations and be accompanied to and from the sale by all necessary statutory documentation.
3. All sheep must comply with the ear tagging requirements of the DSBA and must also be identified in accordance with the current Defra regulations.
4. Sheep entered with incorrect identification; with entry forms bearing incorrect or incomplete information; or not accompanied by the appropriate fee, will not be offered for sale.
5. Ewes that have been running with a ram will not be accepted for sale except at a flock dispersal carried out under DSBA conditions of sale.
6. The highest approved bidder shall be the purchaser. However, if a dispute arises between two or more bidders, the lots disputed shall be put up again and resold at the discretion of the auctioneers whose decision is final.
7. The auctioneers shall regulate the amount of each bid.
8. On the fall of the hammer the purchaser shall give their name and address and shall remove purchases not later than close of the market on the day of the sale.
9. The auctioneer having described the sheep to the best of their ability from the description given by the owners or their agents will not be responsible for any inaccuracies.
10. All stock purchased shall be at the purchaser's risk at the fall of the hammer subject to any variations to this rule that may be contained within the auctioneers' conditions of sale exhibited at the sale yard.
11. The minimum hammer price for shearling rams will be 150gns, all other rams 100gns and shearling ewes will be 125gns.
12. All prize winners for which the owner is offered the hammer price as detailed above (12) shall be sold or the prizes won will be forfeited.

13. Rams and ewes will be sold according to warranties published and displayed in the market where the sale takes place.
14. All sheep will be sold subject to an inspection. Inspectors will be appointed by the DSBA council to conduct a physical, not veterinary, inspection of all sheep. It is the responsibility of the vendor to ensure that sheep presented for sale meet the requirements of the inspection, namely:
15. Sheep must not be lame and must be free from signs of contagious or infectious diseases.
16. Sheep must be of standard conformation and presented in good condition. Sheep must be sound of mouth. The biting surface of the incisor teeth should come into direct contact with the dental pad. All sheep must be presented in a natural condition.
17. Testicles should be more or less the same size and should be the average size for the age of the ram. They should be fully descended into the scrotum and free from palpable lumps and swellings.
18. Ewes must be correct in the mouth and udder.
19. If faults are found, the vendor will be informed that the auctioneer will declare the fault before the sheep is sold, otherwise the sheep can be withdrawn from the sale. The Inspectors' decision will be final.
20. Prospective purchasers must satisfy themselves that the sheep they buy are of the standard they require. Complaints under Condition 16, 17 and 18 must be made to the auctioneer on the day of the sale.
21. The DSBA does not accept responsibility for accidents to persons, animals, or property at the sale.
22. The sale will be conducted under the auspices of the DSBA. Whilst every care is taken in compiling this catalogue, the association does not accept responsibility for any errors which may occur. The sale will be strictly in catalogue order.
23. Where conditions of sale do not cover an issue, due regard will be made to the auctioneers' conditions of sale as displayed in the market and sale office.

An inspection on arrival by authorised SSS Inspectors at which Vendors may be present, will be carried out on mouth, feet, udder, teats, testicles, type and condition. Purchasers should collect pedigree papers from the vendors after the sale, please note - Green Certificates are sheep registered on the main register, Pink certificates with a suffix A, B or C are sheep on the experimental register, and Blue certificates with an R suffix are sheep on the Reinstatement register. Ram inspections may be carried out by prior arrangement with the Judges and Inspectors Panel members.

PRE-SALE INSPECTIONS

All Vendors will be deemed to agree with these conditions of entry upon signature of the official entry form

Entries to the show and sale are only open to members of the Shetland Sheep Society.

Entries will be confined strictly to Shetland sheep society registered animals. * *Conditions

2 and 3 these will be verified by the Shetland Sheep Society before going to catalogue.

All livestock entries must be identifiable by ear tag, adhering to current DEFRA regulations, which must correspond with the catalogue entry. Any animal not so identifiable will be REJECTED from the sale. Under no circumstances will substitute animals be allowed into the Show & Sale.

ALL SHEEP MUST BE INSPECTED PRIOR TO SHOW OR SALE. Any animal not inspected prior to show or sale will **NOT** be eligible to enter the show or be sold through the sale ring.

INSPECTIONS

ALL sheep will be inspected by two qualified Shetland Sheep Society inspectors. The sheep will be inspected against the following points Testicles/Udder, Teeth (all teeth must be under the pad at time of inspection), Tail, Fleece, Conformation, and Horns if applicable. (Horns may be deemed a fault in the event that they are, or may become a welfare issue).

The vendor/owner should be present at the inspection and has the right to dispute any decision made by the inspectors. Any vendor/owner wishing to dispute a decision on an inspection must do it right away. In the event of a dispute a third inspector will be brought in and their decision will be final.

Adult sheep inspection pass: An orange-coloured card will be issued stating the sheep's ear tag number and sale lot number. The sheep will be eligible for the show and sale.

Adult sheep inspection fail: If an adult sheep has a failure against one or more of the inspection points a white card will be issued stating the sheep's ear tag number, sale lot number and point(s) the sheep has failed. This sheep will be eligible for the **sale only. Lamb pass:** Same as condition 8 above

Monitored Lamb: Lambs that have not passed the inspection will be classed as 'lambs to monitor' and issued with a lilac-coloured card. The card will state the lambs ear tag number, sale lot number and point(s) requiring to be monitored as the lamb matures. This sheep will be eligible for the **sale only**.

If a sheep is deemed to have genetic defects or deformities this animal will be rejected by the Shetland Sheep society and will not be sold within the Shetland Sheep Society pedigree sale. Melton Mowbray Auction Mart will sell **rejected** sheep under normal mart conditions after the Society sale.

SHOW

Only sheep that have an orange-coloured card are eligible to enter any of the show classes. The vendor/owner must produce the orange-coloured card for their sheep before entering the show ring.

Showing to be restricted to 2 sheep per vendor per class.

Vendors wishing to show must arrive at the auction mart at least 2hrs prior to show time to allow for inspections to be completed. A sheep is not eligible to enter the Show unless it has been inspected.
